

26' ADA 2-DOOR | 2-STATION COMBO

If flexibility is what you need, the 2-Station ADA Shower Combo is exactly what you want! This versatile trailer offers a single solution for events, campsites, and construction sites. It rides on an air suspension system, making it a breeze to tow and even easier to lower and level. The wheels, attached to stub axles, disengage quickly, and the air-suspension system gently lowers the trailer to the ground. Once in place, simply lower the attached platform, snap on the ramp, slide in the handrails, and setup is complete. The ramp has a very slight angle, and the platform provides plenty of room for navigating and opening the door, ensuring a smooth and accessible experience for all.

**Available in Spa, Commercial, and Luxe interiors.*
