

SANITRAX TOILET MODULE

Satellite's Sanitrax toilets are revolutionizing the industry as the world's first on-land modular restrooms powered by vacuum technology. Each module features three full-size flushable toilets with LED lights and can be upgraded to the Smart Package, which uses infrared sensors to track usage.

The innovative quick-change system for door panel graphics offers operators and venues enhanced marketing options in just minutes.

One operator can transport up to 22 modules or 66 toilets on a 53' step deck trailer and deploy the entire fleet swiftly and independently. On average, operators experience up to 90% savings on water, while venues see a 40% increase in food and beverage sales. It's a win-win!

TECHNICAL SPECIFICATIONS

WEIGHT: 1,650 lbs

POWER: 12V, 3W

WATER USAGE PER FLUSH: 0.85 qt

WATER SUPPLY CONNECTION: 3/4" M Camlock

WASTE WATER DRAINAGE CONNECTION: 2.5" M Camlock

WASTE WATER SYSTEM: Vacuum

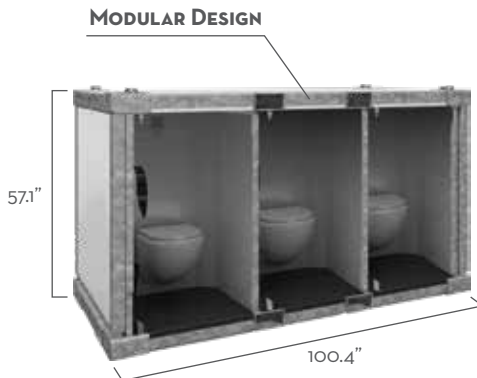

VACUUM PRESSURE IN BAR: -0.3 to -0.6

VACUUM PRESSURE IN PSI: -4.3 to -8.7

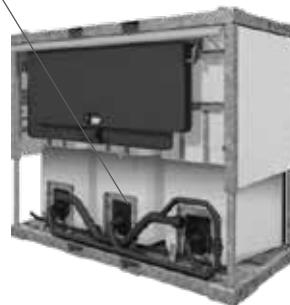

WATER PRESSURE IN BAR: 3 to 5

WATER PRESSURE IN PSI: 40 to 90

TRANSPORT: 22 modules (66 toilets) on a 53' step deck trailer (depending on local regulations)

UNIQUE FLUSHING TECHNOLOGY

 **ENVIRONMENTALLY FRIENDLY**  **EASY TO CLEAN**  **EASY TO TRANSPORT**
