3000-GALLON WASTE TO 5000-GALLON WASTE

For your larger tasks, Satellite Vacuum Truck's tandem-axle truck is an unbeatable choice. With tank sizes ranging from 3,000 to 5,000 gallons, these trucks are built to tackle even the most demanding jobs. You can customize your truck with features like tilt beds, code trucks, and hitches to suit your specific needs. Just like its smaller counterpart, the tandem-axle truck is available in aluminum, stainless steel, and steel tanks, ensuring durability and versatility for any application.
